

4.1.1 The Institution has adequate infrastructure and physical facilities for teaching-learning. viz., classrooms, laboratories, computing equipment etc

The College has a clearly defined policy for the development and improvement of infrastructure facilities to support students, including multiple classrooms, modern laboratories, computer labs with LAN, ICT-based classrooms, a seminar hall, a library, a playground, bicycle stands for students, and parking stands for faculty, staff, and students, Ramp walk for physically challenged students.

A new building for RUSA was built in 2018 with funding from RUSA. It has 8 large rooms, 6 of which are classrooms, 2 of which are smart classrooms, 1 computer lab with internet access, 1 of which is a chemistry lab, and the remaining room is used for a smart classroom.

All subject labs are well equipped with latest equipment, facility and required instruments.

There are 10 staff quarter for staffs and 1 Guest house and 1 Guard room and beautiful Garden with lots of herbs and medicinal plant and flowers.

For safety, fire extinguishers are located in both the library and labs.

The old building and the new building both have CCTV cameras in every hallway. Each building block has a restroom for girls and boys.
